

## Sample Ballot Language

Many counties that have placed the question of allowing the county to exercise the health and safety powers authorized under the Limited Self Governance Act on the ballot have used very simple ballot language such as the following:

"Should the provisions of Act No. 2005-200  
(Ala. Code § 11-3A-1 et seq.) apply in \_\_\_\_\_ County?"

Yes       No

The counties where the issue has been approved all took careful steps to educate citizens about the authority prior to the election so that they knew what they were voting on before arriving at the polls.
